

NATIONAL SAFEGUARDING TRAINING STANDARDS FOR WALES

Our training seeks to comply with the [National Safeguarding Training Standards for Wales](#) which divides roles into [5 groups A-F](#) .

The groups that are relevant to our church settings are A-C.

Group A is for everyone, Group B is for those who have more responsibility and C relates to those taking a specific designated safeguarding and decision making role.

Group A learning

We recommend that all vulnerable groups workers and volunteers complete the online [Group A e-learning course](#) as soon as possible after commencing their role and before they do a level 1 or 2 Interdenominational Safeguarding Panel course.

This short course (approximately 45 minutes) has been developed by [Social Care Wales](#) and can be done at a time of your choosing - no need to book. The Panel safeguarding training courses noted below will help you to embed this Group A knowledge and understand your denominational safeguarding policies and procedures.
